# *The Dasco Plant*

---

## **IS ONE OF THE MOST COMPLETE AND MODERN IN THE INDUSTRY**

---

The DASCO plant is one of the most complete and modern in the tool industry. Tools in this catalog are made complete under one roof. Drop hammer forgings and trip hammer forgings are made by men who have devoted their life-time to making good tools. 100% automatic, electrically-controlled furnaces are used in forging, as well as in heat treating. DASCO has a complete die shop, making its own drop forging, trimming and other dies, which controls not only quality, but also deliveries.

During the War period, DASCO made millions of shell forgings and other special war forgings, producing all dies, jigs and fixtures for this big war production. For excellence in war production, the DASCO company won the coveted Army-Navy "E" Award five times.

---

Prices shown in this catalog are effective January 2, 1947, and subject to change without notice.

---

### **TERMS**

2% 10 Days; Net 30 Days.  
F. O. B. Rockford, Ill.

---

### **GUARANTEE**

DASCO Tools are guaranteed to perform the work for which they are designed and intended, in a satisfactory manner. Any tool defective in either material or workmanship will be replaced free of charge. Tools worn out through years of service, or intentionally abused, will not be replaced.

1417	7/8"	7/8"	7 3/4"	14 4	11.40
1423	1"	1"	8"	20	15.00

DASCO COLD CHISELS are made from a special Alloy Steel, combining edge holding qualities with toughness. Can be resharpened with an ordinary file, saving time and money. Dipped in rich black lacquer, with full polished heads and blades. All polished parts are covered with a rust preventive. Each size of tool has a separate number, and each tool is plainly stamped with the DASCO trade mark and the number. You will find this very handy in selling, as well as in checking your stock and re-ordering. All chisels 1/2" and smaller packed 12 in a box; 5/8" and larger packed 6 in a box.

## COLD CHISELS Standard Lengths

Number	Size Stock	Cutting Edge	Length	Wt. Doz. Lbs. Oz.	Price Dozen
9401	1/4"	5/16"	4 1/2"	13	\$2.90
9402	5/16"	3/8"	5 1/4"	1	3.10
9403	3/8"	7/16"	5 1/2"	2	3.60
9405	7/16"	1/2"	5 3/4"	3	3.80
9406	1/2"	5/8"	6"	3 8	4.50
9408	5/8"	3/4"	6 5/8"	6 8	6.20
9413	3/4"	7/8"	7 1/2"	10 12	7.90
9417	7/8"	1"	7 3/4"	14 4	11.00
9423	1"	1 1/4"	8"	20	14.00

These Cold Chisels are made of high carbon tool steel, dipped in rich black lacquer. Cutting edges only, polished.

## RIVET BUSTERS

Number	Size Stock	Length	Wt. Doz. Lbs. Oz.	Price Dozen
446	3/4"	9"	13 8	\$9.60
447	3/4"	12"	18	11.00
448	7/8"	9"	19	11.80
449	7/8"	12"	23	14.70

Rivet Busters are made for what the name implies—shearing off rivets. Will shear rivets off flush without marring work. Using this tool for shearing rivets will save cold chisels, because of the taper being all one way on the cutting edge. They make this work easy. Dipped in rich black lacquer with polished heads and blades. Polished parts covered with a rust preventive. Packed 6 in a box.

## EXTRA LENGTH COLD CHISELS OR BRICK CHISELS

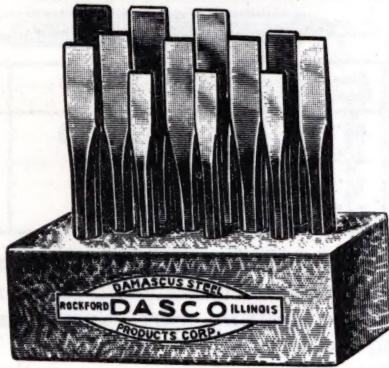

Number	Size Stock	Cutting Edge	Length	Wt. Doz. Lbs. Oz.	Price Dozen
404	3/8"	7/16"	10"	4	\$5.10
441	7/16"	1/2"	12"	6 8	6.20
442	7/16"	1/2"	18"	10	7.50
443	1/2"	5/8"	9"	5 8	6.20
407	1/2"	5/8"	12"	7 8	7.00
444	1/2"	5/8"	18"	12	8.00
409	5/8"	3/4"	9"	9	7.50
410	5/8"	3/4"	12"	12	8.40
411	5/8"	3/4"	18"	18	10.40
412	5/8"	3/4"	24"	24	12.60
414	3/4"	7/8"	9"	13	9.50
415	3/4"	7/8"	12"	18	10.40
416	3/4"	7/8"	18"	26	12.60
432	3/4"	7/8"	24"	36	16.80
418	7/8"	1"	9"	18	12.50
419	7/8"	1"	12"	24	13.60
420	7/8"	1"	18"	37	16.80
421	7/8"	1"	24"	48	22.00
422	7/8"	1"	30"	60	28.50
424	1"	1 1/4"	12"	30	16.80
425	1"	1 1/4"	18"	46	21.50
426	1"	1 1/4"	24"	61	28.50
427	1"	1 1/4"	30"	76	36.00
452	1 1/4"	1 1/2"	18"	73	30.00
453	1 1/4"	1 1/2"	24"	100	38.00
454	1 1/4"	1 1/2"	30"	127	48.00

The above represents the most complete line of Extra Length Cold Chisels made. All of these tools are dipped in rich black lacquer, with polished heads and blades. The polished parts are covered with a rust preventive. Every size tool has a separate number. The DASCO trade mark and number is plainly stamped on each tool, making it easy for reference and re-ordering. 1/2" stock and smaller packed 12 in a box. 5/8" stock and larger packed 6 in a box. 18" and longer lengths packed in bulk.

Made from fine tool steel, dipped in rich black lacquer, with full polished points. Polished parts covered with a rust preventive. Made for cutting through concrete, breaking up pavements, sidewalks, etc. Special designed point tapering to chisel edge on one side and left wide on the other side. This type point will cut faster and last much longer than needle type point. Note great variety of sizes and lengths to cover all requirements. 12" and shorter packed 6 in a box; others packed in bulk.

## CAPE CHISELS

# Dasco FORGED TOOLS

## BRICKLAYERS' SETS OR BOLSTERS Single Bevel

Number	Size Stock	Cutting Edge	Length	Wt. Doz. Lbs. Oz.	Price Dozen
434	5/8"	2 1/2"	7"	10	\$9.20
435	3/4"	3"	7"	13	10.20
436	3/4"	3 1/2"	7"	13 8	12.70
437	3/4"	4"	7"	14	13.50

Bricklayers' Sets are drop forged from high grade tool steel, dipped in rich black lacquer, with cutting edges and heads polished. Polished parts covered with a rust preventive. Single bevel cutting edge. Packed 6 in a box.

## FLOOR CHISELS

Number	Size Stock	Cutting Edge	Length	Wt. Doz. Lbs. Oz.	Price Dozen
471	5/8"	2"	11"	13	\$16.60
472	5/8"	2 1/2"	11"	13 8	19.00
473	5/8"	3"	13 1/2"	17	24.50

Floor Chisels are drop forged from high grade tool steel, dipped in rich black lacquer, with full polished heads and blades. All polished parts covered with a rust preventive. This is a useful tool for the building trade. Made with thin blade for cutting tongue off flooring without marring surface of floor. All sizes packed 6 in a box.

## ALL STEEL WOOD CHISELS Offset Handle

Number	Size Stock	Cutting Edge	Length	Wt. Doz. Lbs. Oz.	Price Dozen
462	3/8"	1 1/2"	10"	3	\$8.20
463	1/2"	5/8"	10"	6	10.50
464	1/2"	3/4"	12"	7	12.00
465	5/8"	7/8"	12"	11	13.30
466	5/8"	1"	12"	11 4	14.50
467	5/8"	1 1/4"	12"	11 8	15.50
468	3/4"	1 1/2"	12"	18	16.50

Dipped in rich black lacquer, with full polished heads and blades. All polished parts covered with a rust preventive. Edges are full beveled. Handle offset to clear work. Designed and recommended for use with a hammer rather than a mallet, for rough work such as tearing up floors, cutting into joists, etc. All sizes packed 6 in a box.

## PLUMBERS' CHISELS Straight Handle

Number	Size Stock	Cutting Edge	Length	Wt. Doz. Lbs. Oz.	Price Dozen
9464	1 1/2"	3/4"	12"	7	\$9.50
9466	5/8"	1"	12"	11 4	11.80

Dipped in rich black lacquer, with cutting edges only polished. Packed 6 in a box.

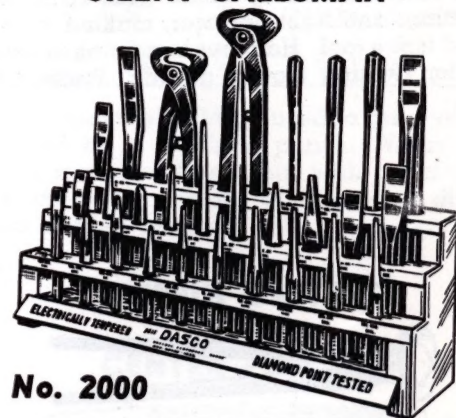

## OIL GROOVE CHISELS

Number	Size Stock	Cutting Edge	Length	Wt. Doz. Lbs. Oz.	Price Dozen

555	1/2"	12 3/32"	6"	3 4	7.20

Dipped in rich black lacquer with full polished heads and blades. All polished parts covered with a rust preventive. Designed for ease in cutting oil grooves. Packed 12 in a box.

## SILENT SALESMAN

No. 2000

The above Display Rack Assortment contains 28 of the most popular selling numbers in the DASCO line, as follows: 6 sizes of cold chisels, 1 each cape chisel, round nose chisel and all steel wood chisel, 3 star drills, 2 nippers, 3 machine punches, 2 pin punches, 2 center punches, 1 each prick punch and sheet metal punch, 2 mower punches and 3 drift punches. One of the best tool salesmen ever devised. Well made of steel, 18" wide, 5 1/2" deep and 6" high. Number of each tool stenciled on front of rack and retail price card attached to rear.

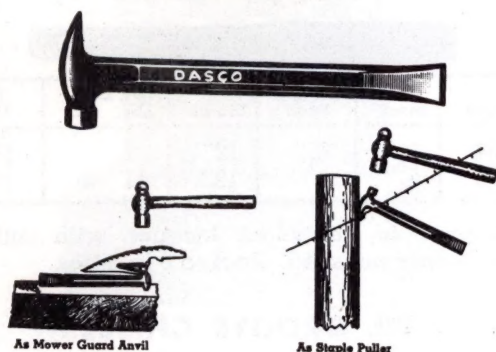

No. 2000 Assortment, including rack, packed 1 to a carton, weight 20 lbs. List price each \$17.21, plus net charge for rack \$1.00.

No. 2001 Assortment, 28 tools only, for refilling Display, weight 16 lbs. List price each \$17.21.

# Dasco FORGED TOOLS

## STAPLE PULLER

As Mower Guard Anvil

As Staple Puller

Above illustrations show two of many uses of  
Staple Puller

Number	Length	Weight Dozen Lbs.	Price Dozen
399	9"	9	\$8.80

DASCO Staple Pullers are drop forged from high grade tool steel. Dipped in rich black lacquer with polished blades. Polished parts covered with a rust preventive. Superior design for pulling staples. Will pull staples out of hard wood without bending them. Has cold chisel for cutting, and light hammer, making it an all around fence tool. Hammer head makes perfect anvil for riveting mower guards. Packed 6 in a box.

## CUTTING NIPPERS

Number	Length	Weight Dozen Lbs.	Price Dozen
308	8"	8	\$15.00
310	10"	14	17.10
312	12"	21	21.00
314	14"	25	22.20

DASCO Cutting Nippers are drop forged from the finest tool steel. Dipped in rich black lacquer, with polished heads. Polished parts covered with a rust preventive. These nippers are designed for cutting and have more cutting power than any nipper their size. They are accurately finished, with close fitting rivets, which eliminate loose joints. Handles are heat treated for stiffness and long life. Nos. 312 and 314 made with adjusting stop. All sizes packed 6 in a box.

## HOOF PARER

Number	Length	Weight Dozen Lbs.	Price Dozen
311	14"	22	\$25.20

DASCO Hoof Parers are drop forged from the finest tool steel. Dipped in rich black lacquer with polished heads. Polished parts covered with a rust preventive. These tools made with an adjusting stop. Hoof Parers are made for paring hoofs and have one blunt edge. Packed 6 in a box.

## HOOF NIPPER

Number	Length	Weight Dozen Lbs.	Price Dozen
313	14"	22	\$25.20

DASCO Hoof Nippers are drop forged from the finest tool steel. Dipped in rich black lacquer with polished heads. Polished parts covered with a rust preventive. These tools made with an adjusting stop. Made with thin jaws and large throat openings so they will cut through hoofs with little effort. Can be used for cutting small horseshoe nails but should not be used for heavy cutting. Packed 6 in a box.

## CARPENTERS' PINCERS

Number	Length	Weight Dozen Lbs. Oz.	Price Dozen
326	6"	8 8	\$14.00
328	8"	10	16.00
330	10"	15	18.00

DASCO Carpenters' Pincers are drop forged from the finest tool steel. Dipped in rich black lacquer, with polished heads. Polished parts covered with rust preventive. These pincers are made with a well rounded head for extra leverage. Handles made with screw driver point and nail pulling claw. Heavy rivet insures long life. All sizes packed 6 in a box.

# Dasco FORGED TOOLS

## MACHINE PUNCHES

Number	Size Stock	Length	Diameter Point	Wt. Doz. Lbs. Oz.	Price Dozen
561	1/4"	4 1/2"	4/32"	12	\$2.80
560	3/8"	5 1/2"	2/32"	1 12	3.20
562	3/8"	5 1/2"	3/32"	1 12	3.20
563	3/8"	5 1/2"	4/32"	1 12	3.20
564	3/8"	5 1/2"	5/32"	1 12	3.20
565	7/16"	5 3/4"	5/32"	2 8	3.60
566	1/2"	6"	5/32"	3 8	4.00
567	1/2"	6"	6/32"	3 8	4.00
569	5/8"	6 5/8"	7/32"	5 12	5.40
575	5/8"	9"	8/32"	8	6.00
574	3/4"	7 1/2"	8/32"	9 4	7.40
571	3/4"	10"	8/32"	13	8.60
573	7/8"	9"	9/32"	15 8	9.50
576	7/8"	9"	10/32"	15 8	9.50

Machine Punches are made for long life and heavy service. Will punch clean holes because the edges will stand up. We suggest to the user that they lean to the heavier sizes for more satisfactory service.

## MOWER SECTION PUNCHES

Number	Size Stock	Length	Diameter Point	Weight Dozen Lbs.	Price Dozen
579	1/2"	6"	5/32"	3	\$4.20
580	1/2"	6"	6/32"	3	4.20

These tools are made with a special concave taper, so that they will follow through for removing mower guard rivets, and yet are strong enough to be used to start these rivets. 5/32" for mower guard rivets and 6/32" for mower section rivets.

## PRICK PUNCHES

Number	Size Stock	Length	Wt. Doz. Lbs. Oz.	Price Dozen
539	1/4"	4"	10	\$3.20
540	5/16"	4"	1	3.20
541	3/8"	4 1/2"	1 8	3.40
542	3/8"	5 1/2"	2	3.60
543	1/2"	6"	4	4.40

Made of the finest tool steel. Dipped in rich black lacquer with polished heads and tapers. Polished parts covered with a rust preventive. Used for fine marking and automobile body work. Our special steel and heat treatment makes it possible for this punch to stand up under heavy use, even though it is made with a needle point. 1/2" and smaller packed 12 in a box; 5/8" and larger packed 6 in a box.

## PIN PUNCHES

Number	Size Stock	Length	Pin	Diameter Point	Wt. Doz. Lbs. Oz.	Price Dozen
592	5/16"	4"	1/2"	2/32"	14	\$3.60
593	5/16"	4"	11/16"	3/32"	14	3.60

Empty Box	1.25
Complete set consisting of 11 Cutters, Handle and Retaining Ring— in Box, No. 1100	10.00

Weight of Set	3 lb. 8 oz.
Weight Handle and Ring	1 lb.
Weight Cutters, Dozen	2 lb. 8 oz.

The simple, yet sturdy construction of the DASCO Interchangeable Arch Punch assures long and dependable service. The holder and cutter are disengaged by simply removing the retaining ring. Will cut canvas, felt, leather, lead, soft brass and copper sheets, 28 gauge sheet metal, and other light materials. Advantages over old style solid Arch Punches:

1. Straight walls on cutters permit numerous re-grinds for long life.
2. Interchangeability of cutters means big saving.
3. Design permits use of high carbon alloy steel cutters for longer life.
4. Big saving even where only one size is needed.
5. Complete set of sizes in handy box. Also available in any and all sizes.
6. Cutters electrically hardened and tempered and furnished in non-rust blue temper finish.
7. Each cutter plainly stamped with size and number. Handles and ring packed in individual boxes; cutters 6 in a box; set in individual boxes.

# DASCO FORGED TOOLS

## UNBREAKABLE HANDLE SCREW DRIVERS

DASCO Screw Drivers are made from the finest tool steel, with fully heat treated blades, highly polished. Blades are also covered with a rust preventive. The special composition handles are shockproof up to 5,000 volts, and unbreakable. They provide a firm grip in the hand, as well as unusual life. These handles are larger than furnished on many competitive makes of screw drivers, and made from well seasoned, properly cured material.

### Cabinet or Electricians' Style

Number	Size Stock	Length Blade	Wt. Doz. Lbs. Oz.	Price Dozen
832	3/16" Rd.	2"	1	\$6.60
833	3/16" Rd.	3"	1	7.00
834	3/16" Rd.	4"	1 4	7.20
835	3/16" Rd.	5"	1 4	7.40

# Dasco FORGED TOOLS

## WOOD HANDLE SCREW DRIVERS

DASCO Screw Drivers are made of the finest tool steel, square stock, with full size and weight ferrules, and thoroughly seasoned, sound wood handles. Full polished blades are covered with a rust preventive. Blades are heat treated throughout and join a pin that extends through the handle. This construction absorbs the shock when hammering and prevents split handles. Square shank of blade enables user to apply pliers or wrench for setting heavy screws. Built for good mechanics who demand the best. Up to and including 6" size packed 12 in a box; others 6 in a box.

### Heavy Duty Type

Number	Size Stock	Length Blade	Wt. Doz. Lbs. Oz.	Price Dozen
